Invitation

On behalf of the organizing committee, it gives us immense pleasure to invite you to participate in the 17th Asian Oceanian Congress of Child Neurology, to be held at YASHOBHOOMI - India International Convention and Expo Centre, New Delhi, India, from 17th to 20th September 2025.

The 17th AOCCN promises an educational extravaganza against the backdrop of Indian heritage, culture, and hospitality. Building on the legacy of past AOCCN congresses, we have curated a scientific program that amalgamates technological advances and groundbreaking innovations with the current clinical practices in child neurology. Our goal is to provide an in-depth insight into all forms of childhood neurological disorders from a global perspective, with strong representation and relevance to the Asia-Oceanic region. We firmly believe that the conference will foster an atmosphere of warm international collegiality, promoting networking and collaboration among attendees and faculty alike.

The conference will be attended by over 2000 national and international delegates and eminent international stalwarts, academicians, and researchers as expert faculty. It will feature multiple pre-conference workshops, extracurricular activities, and cultural events. The main conference will include parallel sessions over four days, along with poster and podium presentations. This will undoubtedly provide global promotion and recognition for all our partners and contributors.

Please join us for an academic feast served with great Indian hospitality at an iconic venue. We look forward to welcoming you to New Delhi.
