

Theme: Innovation & Insights In Child Neurology

Endorsed by: International Child Neurology Association & European Pediatric Neurology Society

16TH - 20TH September, 2025

Yashobhoomi (IICC) New Delhi

Workshop: New Frontiers in Neuroimmunology (Advances in Neuroimmunology: Implications for Child Neurologists)

16th September'25

AIIMS, Delhi

Time	Title	Overview	Speaker
08:30 - 09:00 AM	Registration		
09:00 - 09:30 AM	Neuroimmunology: Focus on the developing brain	Highlights features that should raise suspicion of neuroinflammatory disorder Definition and scope of neuroimmunology Interplay between the nervous system and immune responses	Ming Lim
09:30 - 10:00 AM	Neuroinflammatory Disorders in Children: Focus on Diagnosis	Focus on accuracy of diagnosis of more common neuroinflammatory disorders (e.g., MOGAD, NMDA receptor encephalitis)	Kevin Rostasy
10:00 - 10:30 AM	Biomarkers at the Frontier: Innovations in Neuroinflammatory Disorder Diagnosis	Key focus on novel disease biomarkers Exploration of multi-omics in monitoring disease	Russel Dale
10:30 - 11:00 AM	Tea Break		
11:00 - 11:30 AM	Seronegative autoimmune disorders	Key focus on defining a disease in the absence of a biomarker and general principles extrapolated from antibody positive disorders	Ming Lim
11:30 - 12:00 PM	Visualizing neuroinflammation: Advances in neuroimaging techniques	Key focus on how newer imaging modalities can image and monitor inflammation	Ksish Mankid
12:00 - 01:00 PM	Interactive case discussion based panel discussion for diagnosis establishment	3 cases to be presented by local faculty: Diagnostic challenge	Vishal Sondhi
01:00 - 02:00 PM	Lunch Break		
02:00 - 03:00 PM	Infection Triggered Encephalopathy Syndromes	A clinical review of current diagnostic and management dilemmas	Terence Thomas
03:00 - 03:30 PM	Therapeutic approaches in neuroimmunology: How do we monitor	Review of generic and disease specific outcome measures	Naveen Sankhyan
03:30 - 04:00 PM	Therapeutic approaches for MS	Update on real world data with focus on access in resource poor settings	Lekha Pandit
04:00 - 05:00 PM	Interactive case discussions	3 cases to be presented by local faculty: Management challenge	Vishal Sondhi
